University Announcement

Notification on Emergency Response Unit (ERU) (59)

The University is undertaking a comprehensive rehabilitation project. The next semester is scheduled to begin on 13 January as originally scheduled.

Meanwhile, the University Library will resume part of its services starting from next Monday (16 December) to meet staff and student needs as planned. Some of the areas where repair and safety assurance works are still ongoing will be closed for the time being and will be re-opened as soon as possible; other campus facilities will be gradually opened to staff and students subject to the progress of the restoration.

The University is grateful to all staff, students and alumni for their support and understanding during this period. We once again urge everyone to work together to safeguard our campus so that CityU can return to peace in the new semester as we resume teaching and research as well as our international exchange programmes.

Staff and students who encounter special circumstances may call our 24-hour emergency hotline: 3442 8888 for assistance.
