

香港城市大學  
City University of Hong Kong

## *University Announcement*

### **Notification from the Emergency Response Unit (ERU) (63)**

Some flammable dangerous goods were found on campus yesterday (9 January). For safety reasons, the University has immediately handled these materials according to existing mechanisms.

The University would like to take this opportunity to remind everyone on campus to pay careful attention to fire safety. Especially as we are in the middle of the dry season, we need to be extra vigilant. Any goods that can potentially cause fire need to be stored safely at all times.

We once again call on all members of the University community to safeguard our campus together. In emergency situations, staff and students may call our 24-hour emergency hotline: 3442 8888.
