University Announcement

Notification from the Emergency Response Unit (ERU) (72) Suspected case of novel coronavirus discovered at CityU

The Young Chung-Yee Health Centre at City University of Hong Kong (CityU) identified one suspected case of the novel coronavirus yesterday.

The student, who resides in CityU's student hostel, travelled from Guangxi in southern China to Hong Kong on 28 January. The student has been admitted to hospital for treatment.

The case has been reported to the Centre for Health Protection, and the University has thoroughly cleaned and disinfected the relevant locations.

In addition, people who had close contact with the student have been asked to self-isolate for 14 days.

We once again call on staff and students to take all necessary preventive health measures. In emergency situations, staff and students may call our 24-hour emergency hotline: 3442 8888.
