City University of Hong Kong

## *University Announcement*

### **Services hours of Run Run Shaw Library and Computing Services Centre Notification from the Emergency Response Unit (ERU) (86)**

The University considers it necessary to shorten the service hours of the Run Run Shaw Library (the Library) and that of the Computing Services Centre (CSC) to reduce the risk of spreading the virus and for better protection of our staff and students. This decision has been taken due to the continuous diffusion of the virus and after thoroughly reviewing the needs of staff and students and the service hours of our public libraries.

Starting from tomorrow until further notice, the Library and the Teaching Studio Areas at CSC will open from 9:00am to 5:00pm.

We seek your continual understanding, patience and cooperation. Meanwhile, staff and students are encouraged to continue to use library services via remote terminals and electronic devices.
