University Announcement

Notification from the Emergency Response Unit (ERU) (83)

Amid the spread of Covid-19, the HKSAR government will issue a global travel alert and from 00:01 Thursday morning, all visitors arriving in Hong Kong will be required to undergo a mandatory quarantine or medical surveillance for 14 days according to the Government policy. In view of the above, the University announces the following:

- Effective immediately, staff should not take any work-related trips outside Hong Kong.
- The University strongly recommends staff not to take personal trips outside Hong Kong.
- Staff returning from a personal trip from countries with a red travel alert are required to undergo a compulsory 14-day quarantine, as required by law. Unless approved by the department/unit head, staff need to take annual leave during the quarantine period.
