University Announcement

Extended special work arrangements Notification from the Emergency Response Unit (ERU) (98)

In view of the latest development of the pandemic and after fully considering the safety issues and our overall operations, the University has decided to extend the special work arrangements until 2 August. During this period, department heads are given more flexibility for their staff to work from home, while at the same time making the necessary on-campus staffing arrangements to ensure that University services and operations continue¹.

The University will continue to pay close attention to the pandemic developments, take all necessary steps and handle the situation carefully. For the benefit of both you and those around you, we once again strongly advise staff and students to maintain good personal hygiene and social distancing, no matter whether you are working from home or on campus.

We hope you and your loved ones remain safe and healthy!
