University Announcement

Extended special work arrangements Notification from the Emergency Response Unit (ERU) (106)

As the local pandemic situation remains severe and after fully considering the safety issues and our overall operations, the University has decided to extend the special work arrangements until 23 August. Department heads are advised to refer to the Facilities Management Office [website](#) and make appropriate arrangements.

We urge everyone to work together to overcome the challenges. The University will continue to pay close attention to the pandemic developments, take all necessary steps, and handle the situation carefully.

For the benefit of both you and those around you, we once again strongly advise staff and students to maintain good personal hygiene, no matter whether you are working from home or on campus.

The Emergency Response Unit was set up under the instruction of President Way Kuo in August 2019 and held its first meeting one year ago today. We would like to thank all departments, staff and students for their cooperation over the past year in safeguarding campus together.

We hope you and your loved ones remain safe and healthy!
