

香港城市大學  
City University of Hong Kong

## *University Announcement*

### **Updates on the confirmed Covid-19 case Notification from the Emergency Response Unit (ERU) (108)**

The University announced yesterday (19 August) that a student has tested positive for Covid-19 and that the individual has been admitted to hospital for treatment. According to our understanding, the student had not returned to campus for a month before his diagnosis on 27 July. The University will continue to pay attention to and coordinate the student's learning progress. We wish the student a speedy recovery.

The University has been taking follow-up actions according to guidelines issued by the Centre for Health Protection. If there is any campus-related case reported, affected colleagues and students will be contacted by the relevant departments and arrangements will be made for them to work at home.

All department heads, staff and students are advised to refer to [Notification from the Emergency Response Unit \(ERU\) \(100\)](#) for the mechanism used for reporting cases to the University.

CityU hotlines:

- 24-hour emergency : 3442 8888
- Technical support for online teaching and learning:
  - Staff: 3442 8340
