In view of the latest development of the pandemic and after fully considering all the safety issues and overall operations, the University has decided to extend the special work arrangements until 30 August.

The academic year 2020/21 will begin on 31 August. Department heads are advised to refer to the Facilities Management Office [website](#) and make appropriate arrangements to get prepared for the new semester.

Despite the volatility of the pandemic, we urge everyone to work together to overcome the challenges. The University will continue to pay close attention to the pandemic developments, take the necessary steps and handle the situation carefully.

For the benefit of both you and those around you, we once again advise staff and students to maintain good personal hygiene and social distancing, no matter whether you are working from home or on campus.
