

Resumption of work at the office

Notification from the Emergency Response Unit (ERU) (135)

The safety of our staff and students is our top priority, and at the same time we wish to maintain normal services and operations. In view of the current situation, all staff in academic and administrative units will resume work at their offices starting tomorrow (18 February).

- All large-scale activities should be avoided unless they are of institutional and strategic importance.
- Staff and students are required to report any suspected coronavirus cases to their Head of Department if they or any direct relative with whom they live believe that they might be infected or if they have been exposed to any risk. They should also self-isolate immediately and work or study from home until they test negative.
- Department heads may implement flexible working hours and lunch periods.
- For details, please refer to the Facilities Management Office [website](#).

We will continue to pay close attention to developments, take all necessary steps, and handle the situation carefully. For the benefit of both you and those around you, we once again advise everyone to maintain good personal hygiene and social distancing.
