University Announcement

Flexible Work Arrangement Notification from the Emergency Response Unit (ERU) (144)

The safety of our staff and students is our top priority. The University has been monitoring the development of the pandemic closely since 2020. In view of the latest developments and the recent tightening of prevention measures issued by the government, the University encourages the heads of academic and administrative departments to implement flexible working arrangements from 10 to 23 January based on actual situations while maintaining normal services and operations.

For the latest information on preventing Covid-19 at the University, please refer to the Facilities Management Office [website](#).

We will continue to pay close attention to developments, take all necessary steps and handle the situation carefully. For the benefit of both you and those around you, we once again advise everyone to maintain good personal hygiene and social distancing.

We hope that you and your family stay safe and healthy!

Professor Raymond Chan, Vice-President (Student Affairs)
Mr Sunny Lee, Vice-President (Administration)
