University Announcement

‘Vaccine bubble’ requirements Notification from the Emergency Response Unit (ERU) (145)

As required by the government, all people wishing to enter campus, including students, staff, and contractors, will be required to have received at least one dose of a Covid-19 vaccine starting from 24 February. Only those who are unfit to be vaccinated due to a medical condition will be exempted, and only when a valid medical certificate is presented.

The University will set up a website where all staff and students can submit their Covid-19 vaccination record and/or medical proof. More details will be announced as soon as possible.

For the latest information on preventing Covid-19 at the University, please refer to the Facilities Management Office [website](#). For enquiries, please call the University's 24-hour hotline: 3442 8888.

We will continue to pay close attention to developments, take all necessary steps and handle the situation carefully. For the benefit of both you and those around you, we once again advise everyone to maintain good personal hygiene and social distancing.

Professor Raymond Chan, Vice-President (Student Affairs)
Mr Sunny Lee, Vice-President (Administration)
Chairmen, Emergency Response Unit
