University Announcement

Flexible Work Arrangement Notification from the Emergency Response Unit (ERU) (154)

The safety of our staff and students is our top priority. The University has been monitoring the development of the pandemic closely since 2020. With the easing of the Covid-19 pandemic situation in Hong Kong, department heads are advised to exercise discretion on flexible work arrangements for their staff on a needs basis. The objective is to ensure normal campus operations and services while maintaining the safety and health of our community.

Members of the University community can get the latest information on preventing Covid-19, and information about confirmed Covid-19 cases that have been reported to the University (updated on a daily basis) via the Facilities Management Office [website](#).

We will continue to pay close attention to developments, take all necessary steps and handle the situation carefully.

For the benefit of both you and those around you, we once again advise everyone to maintain good personal hygiene and social distancing.

Professor Raymond Chan, Vice-President (Student Affairs)
Mr Sunny Lee, Vice-President (Administration)
Chairmen, Emergency Response Unit
