

**GE2301 Science and Technology: From Past to Future
Semester B 2007/2008**

To improve a course, it's vital for the teachers to understand the students' perspectives. To help us improve this brand new course, please take a few minutes to complete all the questions on this form.

How well did these **lectures** achieve the following objectives? (1 =strongly disagree → 7 = strongly agree)

		The lecturer made an effort to help student understand the subject	The lecturer was helpful and responsive to students' questions	The lecturer stimulated student interest in the subject	The delivery method (e.g., use of videos) was effective	The lecture helped me become more aware of the sc. and tech. developments happening around me	The lecture helped me become more capable of assessing both the positive & negative impacts sc. and tech. developments might have on the society
Week 1	History of tech development & its impacts on human civilization						
Week 1	Building Tall & Long						
Week 2	Collection & Distribution						
Week 3	Stone Age to New Stone Age						
Week 4	Light & Colour						
Week 4	Biotechnology & its impacts on the society						
Week 5	Era of artificial perception / RFID						
Week 6	Computer & Information Technology						
Week 7	Technology & socioeconomic development						
Week 7	Technology & sustainable development						

How well did these **lab activities** achieve the following objectives? (1 =strongly disagree → 7 = strongly agree)

	The activity enabled me to understand what was discussed in the lecture better	The activity stimulated student interest in the subject	The instructor provided clear instructions concerning the activity	The instructor was helpful and responsive to students' questions	The activity was interesting
Building a tower (BC)					
Building a bridge (BC)					
AP Lab tour (AP)					
Brewing beer (BCH)					
Making <i>sake</i> (BCH)					
RFID demo (EE)					
Boot-or-No- Boot (CS)					
Creating animation (CS)					

Assignment Arrangements (1 =strongly disagree → 7 = strongly agree)

		Integrative case study							Group project						
(a)	The assignment requirements were clear.	1	2	3	4	5	6	7	1	2	3	4	5	6	7
(b)	The assignment let me demonstrate what I had learned in this course.	1	2	3	4	5	6	7	1	2	3	4	5	6	7
(c)	The assignment stimulated my interest in science and technology.	1	2	3	4	5	6	7	1	2	3	4	5	6	7
(d)	The assignment encouraged me to think critically.	1	2	3	4	5	6	7	1	2	3	4	5	6	7
(e)	The assignment required me to think critically.	1	2	3	4	5	6	7	1	2	3	4	5	6	7
(f)	The assignment was difficult for me.	1	2	3	4	5	6	7	1	2	3	4	5	6	7
(g)	I was given sufficient time to complete the assignment.	1	2	3	4	5	6	7	1	2	3	4	5	6	7
(h)	The instructor was responsive to my questions concerning the assignment.	1	2	3	4	5	6	7	1	2	3	4	5	6	7
(i)	The instructor was approachable and helpful.	1	2	3	4	5	6	7	1	2	3	4	5	6	7

What, in your opinion, shall we do to improve this course?

Thank you very much!
