Assessment Tasks / Activities (ATs)

ATs	CILO No.	Weighting (%)	Remarks (e.g. Parameter for GenAI use)
1	Class Participation	1, 2, 3, 4	Individual: Based on how frequently, actively, and constructively students participate. In-class activities, discussions and presentations measure students' ability to apply newly learned principles to real contexts and situations.
2	Final Project (Paper)	1, 5, 6, 7	Group work: Students will have the opportunity to apply their knowledge to critically analyze and evaluate authentic language data. Students will apply analytical methods in their analysis. Students will also have the opportunity to identify and reflect on language and media and language and identity.

Assessment Rubrics (AR)**Assessment Task**

Class Participation

Criterion

Attendance and active class participation

Excellent (A+, A, A-)

An excellent record of attendance and participation. Attended all classes punctually, always participated actively and constructively in class and group activities.

Good (B+, B, B-)

Satisfactory attendance and punctuality. Generally participated actively and constructively in class and group activities.

Fair (C+, C, C-)

Satisfactory attendance and punctuality. Frequently participated actively and constructively in class and group activities.

Marginal (D)

Attendance and punctuality not fully satisfactory and/or participation in class and group activities was inconsistent.

Failure (F)

Attendance and punctuality were unsatisfactory. Did not meaningfully engage with class and group activities.

Assessment Task

Final Project (Paper)

Criterion

Written paper on a topic that presents data collected and analyzed using a sociolinguistic perspective.

Excellent (A+, A, A-)

Able to analyze and present a sociolinguistic issue very clearly and insightfully, applying the theoretical framework, accurately giving evidence from data collected, accounting for successes and difficulties in communication, making excellent suggestions for improving the interaction and synthesizing points into a coherent argument expressed in clear and accurate English and within the word limit.

Good (B+, B, B-)

Able to analyze and present a sociolinguistic issue clearly, applying the theoretical framework fairly accurately giving evidence from data collected, accounting for successes and difficulties in communication, making good suggestions for improving the interaction and synthesizing points into a relatively coherent argument expressed in clear and mostly accurate English and within the word limit.

Fair (C+, C, C-)

There may be some inaccuracies in understanding the sociolinguistic issue under investigation. Sufficient evidence may not be provided. The paper may lack focus or be poorly argued. There may be problems with the organization or grammar of the paper. The paper may exceed the word limit.

Marginal (D)

There are serious flaws and/or inaccuracies in understanding the sociolinguistic issue under investigation. Sufficient evidence is not provided. The paper lacks focus or is poorly argued. There are serious problems with the organization or grammar of the paper. The paper is incomplete or incomprehensible due to a large number of language inaccuracies.

Failure (F)

Unable to apply the theories in an accurate way, present a coherent analysis and/or communicate in written English to an acceptable standard.

Assessment Task

Final Project In-Class Presentation

Criterion

Organization/Delivery/Grammar/Effectiveness/Timing of presentation

Excellent (A+, A, A-)

The presentation provides a very clear and insightful analysis. It draws effectively upon evidence from various types of data collected, accounting for successes and difficulties in communication, and synthesizing findings into a coherent argument. The presentation is very well organized, delivered in clear and accurate, fluent and idiomatic English, and within the time limit.

Good (B+, B, B-)

The presentation provides a clear analysis. It draws upon evidence from various types of data collected, accounting for successes and difficulties in communication, and synthesizing findings into an argument. The presentation is well organized, delivered in largely accurate, fluent and idiomatic English, and within the time limit.

Fair (C+, C, C-)

The presentation provides an adequate analysis. It draws upon some evidence from data collected, accounting for successes and difficulties in communication, and synthesizing findings into a coherent argument. The presentation is adequately organized and comprehensible, but the standard of the spoken English may need improvement. It may exceed the time limit.

Marginal (D)

The presentation provides a poor analysis. It exhibits insufficient evidence from data collected, and may lack an explanation for successes and difficulties in communication, or a coherent argument. The presentation is incomplete or partially incomprehensible due to poor organization or the standard of the spoken English.

Failure (F)

The presentation does not identify an issue relevant to the course. The presentation is incomplete or largely incomprehensible due to poor organization or significant problems in the standard of the spoken English.

Assessment Task

End-of-Course Examination
