Part II Course Details

Abstract

This course aims to provide students with a comprehensive understanding of the establishment and operation of Chinese multinationals. The emergence of heightened market competition, technology transformation and the fast economic growth

in China suggests an increasing relevance in understanding how multinational firms operate business in China. The course is designed to develop students' communication and problem-solving skills in understanding the Chinese multinationals' strategies and business culture management. After taking the course, students should be aware of the investment and operating environment of the Chinese economy that is moving rapidly toward market orientation, be capable of analysing the structure and strategy of Chinese multinationals, analysis the effects of different national cultures on different aspects of business operations; be able to critically examine the major components, determinants and practices of running Chinese multinationals and develop a practical awareness of doing business in China.

Course Intended Learning Outcomes (CILOs)

CILOs		Weighting (if DEC-A1 app.)		DEC-A2	DEC-A3
1	Identify the major theories explaining international trade and international production (FDI) of the Chinese MNEs including absolute advantage explanation, the theory of comparative advantages.	20	x		
2	Assess the strategies and the management activities of the Chinese MNEs as well as their competitive edges.	20		x	
3	Evaluate the effects of the culture of the Chinese MNEs and explore the development of indigenous approaches is essential to the understanding of cultural influence on management of Chinese multinationals, traditional Chinese culture is heavily dependent upon relationships, informality, trust orientation toward the group, and internal hierarchical respect.	30		x	
4	Examine the motives and types of entry mode undertaken by the Chinese MNEs and their inter-firm and intra-firm organization activities.	10		x	
5	Identify the critical success factors that encompass both the macro institutional environment at the national level and the micro institutional context at the organizational level.	20			x

A1: Attitude

Develop an attitude of discovery/innovation/creativity, as demonstrated by students possessing a strong sense of curiosity, asking questions actively, challenging assumptions or engaging in inquiry together with teachers.

A2: Ability

Develop the ability/skill needed to discover/innovate/create, as demonstrated by students possessing critical thinking skills to assess ideas, acquiring research skills, synthesizing knowledge across disciplines or applying academic knowledge to real-life problems.

A3: Accomplishments

Demonstrate accomplishment of discovery/innovation/creativity through producing /constructing creative works/new artefacts, effective solutions to real-life problems or new processes.

Teaching and Learning Activities (TLAs)

TLAs		Brief Description	CILO No.	Hours/week (if applicable)
1	Seminar	Business information of Chinese multinationals is explained, analysed and evaluated through lectures and classroom discussion. The intention is to illuminate these normative values underpinning practice by using a cross-cultural management and comparative technique that provides an external point of reference. Theories and concepts of traditional and contemporary Chinese business culture and their impact on the business management practices will be covered.	1, 2, 4, 5	
2	Information Search	Each student has to search and analyse relevant information and literature related to Chinese multinationals' current strategies, organizational control and performance as assigned by the teaching staff.	1, 2, 4	
3	Project Presentation	Group presentation will be undertaken during classes to ensure understanding and collaboration among students. To stimulate students' interests in the learnt theories and concepts, teaching staff will provide relevant topics for class debate, Q&A or verbal presentation.	1, 2, 3, 5	

Assessment Tasks / Activities (ATs)

ATs		CILO No.	Weighting (%)	Remarks (e.g. Parameter for GenAI use)
1	Class Exercises	1, 2, 4	30	
2	Literature Review on Individual Assignment	1, 2, 3, 5	30	
3	Project Presentation	2, 3, 5	40	

Continuous Assessment (%)

100

Examination (%)

0
